

BCSIS
Spiral Garden

"And a little girl and a little boy came forward and said they would make the journey. They would return with the light and warmth for their village..."

*Please join us on
Saturday, December 10, 2016
in the cafeteria.*

*The first session begins at 4:30 pm, and
the second session begins at 6:00 pm.*

Come celebrate as we bring our warm light into the darkness of winter. With story, song and quiet reflection, our children will journey into the spiral where they will find a bowl of shiny crystals reflecting the light. At the end of the evening the children will take their light in the form of a crystal out into the world. The spiral journey is done silently, accompanied by the music of a harp. This is a quiet time to reflect and honor each child in his or her journey. Our intent for this celebration of winter is to illuminate our inner light and radiate it outward into the world.

To help create the mood of this special evening, please help the younger siblings sit quietly with you. Children, as well as adults, may want to come in festive or more formal attire. Please be prompt! At the end of the ceremony, please leave as quietly as possible to extend the mood out into the night.

Please fill out the slip at the bottom if you want to take part in this wonderful winter celebration. Sign up for either the 4:30 time or the 6:00 time and place the slip in the manila envelope that is marked "Spiral Garden" outside your child's classroom door.
